

SUTTON UNITED FOOTBALL CLUB LIMITED

Share Prospectus

Amidst all the talk of fans-owned clubs it is easy to forget that Sutton United has been owned by its supporters since the formation of the limited company in 1953, when just £50 of shares were divided between fans, former players and club officials. When the decision was taken a few years ago to re-structure the share capital to bring the company in line with modern practice and economics, that commitment to everyone in the club remained. We do not have one person in overall control and our Supporters' Trust owns shares in the company and has a seat on the board. Sutton United FC is a wholly-owned subsidiary of Sutton United Football Club Limited.

Shares in the club are valued at £50 each, they do not change hands above face value and no dividend is paid. Any purchase or transfer of shares must be approved by the directors.

So, why buy shares in Sutton United ?

If you are reading this, you probably already know that this is not a financial investment, but it is an investment in the future of the club, of *your* club. There are some benefits to being a shareholder though:-
